Welcome to the Barksdale Global Power Museum!

Take an exciting journey through the past and discover the dynamic history of Strategic Bombardment at the home of the 2nd Bomb Wing, the mighty 8th Air Force, and the new Air Force Global Strike Command. The Barksdale Global Power Museum is not only a memorial to our successes in battle, but recognition of the many years spent training to deter war. The peacetime history of Barksdale Air Force Base is as significant as those years at war. Come out and see vintage aircraft like the venerable B-17 and B-24 bombers of World War II; along with their best "Little Friend", the P-51 Mustang. You can also see Cold War heroes such as the B-52D and B-52G Stratofortress. You will see the highest and fastest flying jet aircraft ever – the MACH 3+ SR-71 Blackbird. Inside the museum there are six different exhibit galleries that help tell the story.
